ORNAMENTAL CHILLIES

Chillies offer a small, long lasting indoor pot option that is fun and vibey, and hot AND spicy!

Available in many bright colours that last for several weeks, and can be used in salads and sauces to add spice

Position in a bright light area away from direct sunlight and gusts of wind; ie a sunny windowsill or verandah

Water every 2nd day with approximately 2 tablespoons (or ice cubes) of water

Promote and enhance the colour as well as the duration of the fruits, with regular foliar feeding
