

# Perfect for the Patio

# ANTHURIUM

Anthuriums are super easy to care for, long-lasting and low-maintenance indoor plants.

Their eye-catching, waxy heart-shaped red spathes (often referred to as flowers) are renowned by florists all over the world.

Place your anthurium in an area with medium, indirect light on the patio.

Water well, especially in summer, but ensure the plant's pot is well-draining.

Feed with liquid plant food regularly.
